LED Golden Light Bulb Carbon Line Curved Spiral Filament Candle C35 2,5W 136Lm E14 1800K Dimmable - C01

Description

With its typical candle shape, the C01 is the perfect light bulb to bring light to small spaces like desks and nightstands, adding a fun retro touch. Its patented new generation filament - the thinnest on the market - has a distinct spiral shape, much like the one found in traditional light bulbs.

Dimmable, with long lasting, ample light emission (15.000 hours for 20.000 on/off cycles). This light bulb was made from gold-coloured glass which radiates a soft, intimate amber lighting; the perfect addition for a welcoming atmosphere.

Bebulbs, a brand that's always pushing the boundaries of design for charming, great-quality LED light bulbs, now presents the Carbon Line: a modern retake of the traditional incandescent light bulbs.

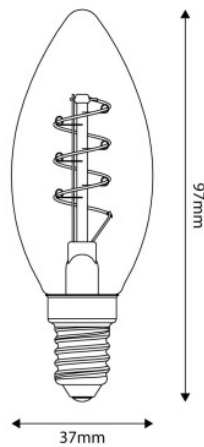

Data Sheet

Light bulb type: LED

Shape: Candle
Fitting: E14
Diameter: 35 mm
Length: 97 mm
Volt: 220/240V
